New Association with C-Shipping / GLA

New From Rose

For cargo moving in or out of the UK & Europe, Rose has solutions. Our team has recently paired with C-shipping, a member of the Global Freight Alliance for import cargo into the USA. This allows us access to the best rates with Ellerman City Liners, the preferred carrier for European Cargo. Ellerman offers the fastest transit times to NY from Rotterdam and London due it only servicing select ports. Rose also offers quick and reliable service into Rotterdam and London with multiple carrier options.

Our LCL team has a dedicated desk for both imports and exports. With over 28 years in the industry, our staff provides experienced customer service, same day quotes, and price transparency. In our efforts to constantly improve our service, we have expanded our offerings of pre-carriage and on-carriage throughout the USA, UK, and Europe. For our LCL sailing schedule, port pairings, updates and more information please see below.

LCL Schedule
